## Removal of Warwick VRP

Following consultation with the Birmingham Local Airspace Infringement Team, the CAA, and a review of infringement data, Birmingham Airport have taken the decision to remove Warwick VRP (M40 Junction 15) as a notified VRP.

It is anticipated that this will result in a significant reduction in airspace infringements in and around Birmingham CTA-2.

The change is effective from 10 September 2020, and will be reflected in the UK AIP and airspace charts.
